Introduction

I. INTRODUCTION

1. Background

The National Institute of Food and Agriculture (NIFA) is an agency within the U.S. Department of Agriculture (USDA), part of the executive branch of the federal government. Congress created NIFA through the Food, Conservation, and Energy Act of 2008 (also known as the 2008 Farm Bill). NIFA replaced the former Cooperative State Research, Education, and Extension Service (CSREES), which had been in existence since 1994.

2. Purpose and Scope

This instruction document will help you prepare and submit applications to NIFA via Grants.gov. Where appropriate, relevant sections of the Grants.gov User Guide have been incorporated by reference.

3. Intended Audience

Any individuals, organizations, etc. that is interested in submitting an application to NIFA in response to a funding opportunity.

4. Document Symbols

The following symbols are used throughout this document to highlight information that is of particular interest or importance:

This symbol indicates NIFA-specific instructions.

This symbol represents a link to an important reference material.

This symbol and yellow highlights represents a required field.

5. Referenced Documents

5.1 NIFA Funding Opportunity

A NIFA Funding Opportunity includes the request for applications (e.g., full announcement) and forms necessary for the preparation and submission of an application to NIFA. A request for applications (RFA) includes, among other things, eligibility information and guidance for preparing and submitting applications to NIFA. NIFA makes active funding opportunities available via Grants.gov (<http://www.grants.gov>) or the NIFA web site.

II. GENERAL INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

1. Registration Process

Before using Grants.gov for the first time, each organization must register to create an institutional profile. Once registered, your organization may apply for any government grant, including NIFA, on the Grants.gov website.

Because of the time required to register, you should initiate this process well in advance of submitting an application.

Grants.gov Registration: <https://www.grants.gov/web/grants/applicants/registration.html>.

The registration process includes Central Contractor Registration (CCR). CCR is the official, FREE on-line registrant database for the U.S. Federal Government. CCR collects, validates, stores and disseminates data in support of agency acquisition and award missions. CCR validates the registrant information and electronically shares the secure and encrypted data with the finance offices of federal agencies to facilitate paperless payments through electronic funds transfer (EFT). Registrants must update or renew their registration at least once per year to maintain an active status.

2. Software Requirements¹

2.1 Adobe Reader

You must have a version Adobe Reader that is compatible with Grants.gov in order to access, complete and submit applications. **This software is essential to apply for NIFA federal assistance awards.** See the Grants.gov User Guide for basic system requirements and download instructions.

Grants.gov has a test package that can help you determine if you have a compatible version of Adobe Reader.

Grants.gov Adobe Versioning Test Package: <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

3. Grants.gov Workspace

Grants.gov Workspace exists to make applying for a federal grant as convenient as possible. By leveraging a range of user roles and access levels, applicants can control access to forms, create a custom workflow and save time on their application.

The application process consists of several main steps. Below is a summary of the process with links to detailed instructions on completing each step to apply for grants on Grants.gov.

¹ Note: Contact your organization's system administrator if you have problems setting up software on your machine.

Include "NIFA Grants.gov Application Guide" in the subject line of the e-mail and detailed information regarding the comment.

2. Components of a NIFA Application

The documents listed in Table 1 may be part of a NIFA application. The Grants.gov Application Package will identify which forms you must submit as part of the application and which one(s), if any, are optional.

3. Conformance with Application Preparation Requirements

Applications must conform to the application preparation and submission instructions. All attachments to an application **must** comply with NIFA font, spacing and margin requirements **and MUST be in .pdf** (portable document format) (see Part III., 3.1) **otherwise the application is at risk of being excluded from NIFA consideration**. Note that NIFA RFAs may include specific requirements; in these instances, it is critical to follow the language in the RFA. NIFA may exclude from consideration applications that are not consistent with these special instructions.

NIFA-Specific Instructions for Submission via Grants.gov

3.1 Attachments (Required to be in pdf)

- A. **Format of Contents:** Attachments to an application are to be a typed or word processed document using font no smaller than 12 point, regardless of line spacing, and with at least 1-inch margins. Number each page of an attachment sequentially. These specifications apply unless the RFA specifies otherwise. This guide or the RFA will indicate if a page limitation applies to a specific attachment.
- B. **File Format:** NIFA **REQUIRES** that attachments be in **.pdf**. Using pdf format allows applicants to preserve the formatting of their documents.
- C. **File Name Restrictions:** File names of .pdf attachments must be limited to 50 characters, may not include special characters (e.g., &, -, *, %, /, #), periods (.), blank spaces or accent marks, and must be unique (i.e., no other attachment may have the same file name). An underscore (example: my_Attached_File.pdf) may be used to separate a file name.
- D. **File Protections:** The pdf attachment must **NOT** be password protected. Lead institutions of multi-organization applications must ensure, that documents from collaborators are **NOT** password protected.

ANY APPLICATION CONTAINING ATTACHMENTS THAT ARE NOT COMPLIANT WITH A. THROUGH D. ABOVE ARE AT RISK OF BEING EXCLUDED FROM CONSIDERATION.

ATTENTION: There is a paper clip icon on the left side of the page in every application. Do NOT attach documents with this function. If you attach documents under this function your application will be incomplete and cause errors.

4. Submission of Same Application to Multiple Agencies

Concurrent submission of an application to other organizations for simultaneous consideration will not prejudice its review.

5. Submission of an Application for NIFA Review

You may submit an application only once. Duplicate or substantially similar applications that are submitted concurrently for review by more than one program will be excluded from consideration.

6. Application Status

6.1 Grants.gov Application Status and Viewing the Application Manifest

Within 2 days of submitting a grant application, Grants.gov will send you two email messages:

- The first email will confirm receipt of the application.
- The second email will indicate whether the application has been validated by the system OR has been rejected due to errors.
- If the application was successfully validated, Grants.gov will send you a third e-mail notifying you the application has been passed to the agency.

There are two ways to verify the status of an application submitted to Grants.gov. One way is to use the "Track My Application" tool under the Applicants section of Grants.gov. This does not require a user name or password. The second way is to "Check Application Status" under Applicant Login located under the Applicants section of Grants.gov. This tool requires a user name and password. This option gives you the opportunity to view a

NIFA-Specific Instructions for Submission via Grants.gov

“manifest” of submitted forms and files within Grants.gov. This manifest will allow you to review the list of forms and file attachments that were properly uploaded and received.

OPTION 1 – Check status of application

Check Grants.gov Application Status on the Track My Application Page:

<http://www.grants.gov/web/grants/applicants/track-my-application.html>

Once on the Track My Application page, enter up to five Grants.gov tracking numbers (one per line) and select the Track My Application(s) button. The system will display general information about the status of each application in a chart format as shown below.

Application status of tracking number(s) are listed below:

CFDA	Opportunity Number	Comp. ID	Grants.gov #	Date/Time Received	Status	Status Date
10.310	USDA-NIFA-AFRI-003742		GRANT11149830	05-Jun-12 01:01:58 PM	Rejected with Errors	05-Jun-12 01:03:21 PM

OPTION 2 – Check status of application and view manifest of submitted forms and files

Check Grants.gov Application Status on the Track Application Status Page:

<https://apply07.grants.gov/apply/login.faces?cleanSession=1&userType=agency&loggedout=true>

Once logged in using the above link you will be in the Applicant Center where you should select the “Check Application Status” link. You will be given the option to search for your application(s) in several different ways. Choose the one you are searching for and how the information should be displayed. Your selection(s) will be presented in a chart as shown below. One of the columns in the chart is entitled, Actions. You may view the list of particular application’s file(s) and attachment(s) (i.e., the manifest) by selecting the link in the Actions column for that application and selecting either the Details or Download Link.

It is important that you thoroughly review the manifest to ensure that required attachments outlined in the RFA are included and follow .pdf requirements (**see Part III Section 3.1 of this guide for NIFA attachment specifications**). Submitted applications that do not contain the required forms and file attachments will not be reviewed.

If issues are found with the manifest, you should submit the application:

PRIOR to the deadline – We prefer that you correct the application and submit it prior to the established deadline. You **MUST** notify the Agency Contact (identified in Part VII of the applicable request for applications) via telephone or email so s/he is aware that there are two applications and that one is to be accepted and the other removed from consideration. Without this notification, both applications may be excluded from consideration per Section 5. of this Part.

FOLLOWING the deadline – We advise you to correct the application and submit it as soon as possible. Note, however, you must provide documentation of the extenuating circumstance (e.g., hurricane, flood, fire) along with the late application (see “meeting the deadline” under Part IV, 1.9 of this Guide). You **MUST** notify the Agency Contact (identified in Part VII of the applicable request for applications) via telephone or email so s/he is

NIFA-Specific Instructions for Submission via Grants.gov

aware that there are two applications and that one was submitted prior to the deadline with issues and a corrected version submitted following the deadline. Without this notification, both applications may be excluded from consideration per Section 5. of this Part. If the late application is not accepted for consideration, it is possible that the one submitted prior to the deadline may be accepted for consideration if it meets Grants.gov and agency validation processes.

6.2 USDA/NIFA Application Status

We will send you two email messages.

- The first will confirm NIFA's receipt of your application.
- The second will indicate whether NIFA has accepted OR declined to review the application.

To go back to the first page of the form/document or to the Grant Application Package screen, simply scroll up the screen. You must save the application package from the Grant Application Package screen. More information on saving the application package is available in Section 1.7, Saving the Application.

You may enter up to five budget periods on the R&R Budget form/document. To add a new budget period, click **“Add Period” button at the bottom of page 3 of the R&R Budget form/document.**

Many of the forms/documents in the application package require you to attach files. **As stated in Section 3.1, Portable Document Format (.pdf), NIFA REQUIRES that ALL attachments be submitted in pdf format.** All attachments also must have a unique name to identify them. Attachment file names should indicate the file contents (e.g., Project Summary).

1.6 Submitting an Electronic Application to a Competitive Funding Opportunity

You must complete all of the following steps for an application to be considered for competitive peer review:

- 1) Meeting the deadline: A date and time stamp is attached to the application when you click on the Submit button to electronically send the application to Grants.gov. The date and time stamp determines whether the application was received by Grants.gov before the deadline, which is 5:00 p.m. Eastern Time (ET) on the date identified in the applicable RFA. An application submitted or resubmitted after the deadline is late

Research and Related (R&R) Forms and Instructions

(an application is considered on time at 5:00.59 pm ET but it is late at 5:01 pm ET). Consideration of late applications is only given in extenuating circumstances (e.g., natural disasters, confirmed Grants.gov outage) with proper documentation and support of the Agency Contact (see Part VII of the request for applications; for the Small Business Innovation Research program (SBIR) the Program Contacts are specified under subsection 1.5 of the SBIR Program Solicitation). The occurrence of one of these situations does not automatically ensure that a late application will be accepted. You should contact the Agency Contact if you want a late application considered under an extenuating circumstance. Also see <http://nifa.usda.gov/resource/late-application-consideration>).

Successful Grants.gov validation: The Grants.gov system performs a limited check of the application (see Section 1.8 above), and Grants.gov will notify you of the outcome of the initial review. The Grants.gov validation process includes a check for an active CCR registration (**applicants with expired CCR registrations will be rejected**). **The System for Award Management conducts CCR registration activities. See Part II.1. for more information.**

- 2) Grants.gov sends applications that are successfully validated to NIFA for further processing. Applications that fail Grants.gov validation may be resubmitted to Grants.gov if NIFA's deadline has not passed. (Note that the Grants.gov system may allow applications to be submitted after the deadline, but the application is considered late by NIFA.)
- 3) Successful agency validation: NIFA staff perform precursory review of the application. The agency validation process includes meeting eligibility requirements and following NIFA application guidelines (e.g., formatting, page limitations, limits on budget requests). NIFA will notify you of the outcome of this review.

2.1 Enter a Type of Submission (Field 1 on the Form)

Select a type of submission. If this submission is to change or correct a previously submitted "New" application, click the Changed/Corrected Application box and enter the Grants.gov tracking number in the Federal Identifier field. If this submission is to change or correct a "resubmission", "renewal", "continuation", or "revision" application, leave the Federal identifier field as previously filled with the existing identifier (e.g. Award number). Do NOT insert the Grants.gov tracking number in these cases. Unless requested by the agency, applicants may not use this to submit changes after the closing date. This field is required.

You should submit a changed/corrected application **only after** the appropriate NIFA program contact has been contacted. Use the changed/corrected application to modify an application you have ALREADY submitted through Grants.gov and that the original application was submitted PRIOR to the established deadline.

Only submit a pre-application if specifically required by a NIFA RFA.

2.2 Enter Date Submitted and Applicant Identifier (Field 2 on the Form)

Enter the date the application is submitted to Federal agency (or State if applicable). Please use mm/dd/yyyy format (e.g., 12/13/2017). Enter the Applicant's control number (if applicable) in the **Applicant Identifier** field.

Use the Applicant Identifier field when an institution has its own system for tracking applications. This field allows the applicant to enter their application identifier on the application, if applicable.

2.3 Enter Date Received by State and State Application Identifier (Field 3 on the Form)

Enter the date received by state (if applicable). Enter the state application identifier (if applicable) in the **State Application Identifier** field.

NIFA does not use this information; therefore, leave the Date Received by State and State Application Identifier field blank.

2.4 Federal Identifier (Field 4 on the Form)

Field Name	
Federal Identifier	If this is a continuation, revision, or renewal application, enter the assigned Federal identifier number (for example, award number)—even if submitting a changed/corrected application.
Agency Routing Identifier	Enter the agency-assigned routing identifier per the agency-specific instructions. This is an optional field.
Previous Grants.gov Tracking ID	Enter the previous Grants.gov tracking number, if applicable.

New project applications should leave these fields blank unless you are submitting a changed/corrected application. When submitting a changed/corrected "New" application, enter the Grants.gov tracking number in Field 4c. If you are submitting a **renewal** application (see 2.8 of this section), enter the NIFA-assigned award number of the previously-funded application in the Federal Identifier field (Field 4a. on the form). If you are submitting a **resubmission** application (see 2.8 of this section), enter the NIFA-assigned proposal number of the previously-submitted application in the Federal Identifier field (Field 4a. on the form). If you are submitting a **resubmission renewal** application (see 2.8 of this section), enter the NIFA-assigned proposal number of the previously-submitted application in the Federal Identifier field (Field 4a. on the form). If you are submitting a **continuation** application (see 2.8 of this section), enter the NIFA-assigned award number of the previously-funded application in the Federal Identifier field (Field 4a. on the form).

NIFA does not use the Agency Routing Identifier field; it may be left blank.

2.5 Enter Applicant Information (Field 5 on the Form)

Enter the DUNS or DUNS+4 number of the applicant organization in the * **Organizational DUNS** field. This field is required.

The proposed duration for which support is requested must be consistent with the nature and complexity of the proposed activity. In some situations, a funding opportunity may limit the duration of requested support. In such cases, RFA will address the limitations. Specification of a desired starting date for the project is important and helpful to our staff; however, we may not always be able to meet the requested dates. In such cases, we will consult with you.

If submitting a pre-application, provide a summary description of the project in accordance with the announcement and/or agency-specific instructions and attach here.

Infrequently, a NIFA funding opportunity will require or request submission of a preliminary application in advance of submission of a full application. The two predominant reasons for requiring you to submit a preliminary application are to:

Research and Related (R&R) Forms and Instructions

- Reduce the unnecessary effort in application preparation when the chance of success is very small. This is particularly true of exploratory initiatives where the community senses that a major new direction is being identified, or competitions that will result in a small number of actual awards; and
- Increase the overall quality of the full submission.

The NIFA RFA will specify the content and submission requirements in Section V.A of the RFA when preliminary applications are to be used. Note that a pre-application is not the same as a Letter of Intent which NIFA, in some cases, may be used. The RFA will state when you need to submit a pre-application or a Letter of Intent, if appropriate; the RFA will remain silent if the items are not required.

2.22 Enter Cover Letter Attachment (Field 21 on the Form)

Research and Related (R&R) Forms and Instructions

Beginning with the PD/PI, provide a profile for each proposed Senior/Key Person. Unless otherwise specified in NIFA's announcement, Senior/Key Personnel are defined as all individuals who contribute in a substantive, measurable way to the scientific development or execution of the project whether or not salaries are requested. Include consultants if they meet this definition.

Complete a R&R Senior/Key Person Profile for, at a minimum, the PD, each co-PD, senior associate, and other professional personnel. A co-PD serves the same role as a PD (defined in 2.15 of this Part); however, the PD is the named contact to facilitate communications with NIFA. A paraprofessional is an individual who, through formal education, work experience, and/or training, has the knowledge and expertise to assist a professional person.

teaching experience, employment history, professional activities, honors and awards, and grants received). Include a chronological list of **all** publications in **refereed journals** during the past **4 years**, including those in press. Also, list only those **non-refereed** technical publications that have **relevance** to the proposed project. List all authors in the same order as they appear on each paper cited, along with the title and complete reference as these usually appear in journals. **See Part III Section 3.1 of this Guide for NIFA attachment specifications.**

5.3 Attach Current and Pending Support

Provide a list of all current and pending support for the PD/PI (even if they receive no salary support from the project(s)) for ongoing projects and pending proposals. Show the total award amount for the entire award period (including indirect costs) as well as the number of person-months per year to be devoted to the project by the senior/key person, regardless of source of support. Concurrent submission of a proposal to other organizations will not prejudice its review.

A suggested template for the Current and Pending support is available at <http://nifa.usda.gov/resource/application-support-templates>. Include a current and pending support list for the PD/PI. **Even if no other funding is currently reported as “Active,” list this application as “Pending” in the information submitted.** Identify the proposed project as pending in the attached document. The percent of time committed should not exceed 100% of effort for concurrent projects. NIFA will not fund an application that duplicates or overlaps substantially with an application already funded (or to be funded) by another organization or agency. Prepare the Current and Pending support list(s) following the instructions and format noted below. **See Part III Section 3.1 of this Guide for NIFA attachment specifications.**

Instructions:

1. Record information for active and pending projects, including this proposal. (Concurrent submission of a proposal to other organizations will not prejudice its review by NIFA.)
2. All current efforts to which project director(s) and other senior personnel have committed a portion of their time must be listed, whether or not salary for the person involved is included in the budgets of the various projects.
3. Provide analogous information for all proposed work which is being considered by, or which will be submitted in the near future to, other possible sponsors including other USDA programs.

5.4 Enter Profile – Senior/Key Person 1

Enter information for Senior/Key Person 1 following the instructions included in Sections in 5.1, 5.2, and 5.3.

Select **“Next Person”** to enter the next senior/key person entry. Complete the same information noted in Sections 5.1 through 5.3 for additional senior/key persons.

A PD/PI is the individual(s) a research organization designates as having an appropriate level of authority and responsibility for the proper conduct of the project, including the appropriate use of funds and administrative requirements such as the submission of progress reports to the agency. When an organization designates more than one PD/PI, it identifies them as individuals who share the authority and responsibility for leading and directing the project, intellectually and logistically. NIFA does not infer any distinction in scientific stature among multiple PD/PIs. NIFA will consider the PD/PI entered on the SF-424 R&R Cover Sheet (see Part V 2.15) as the contact PD/PI.

NIFA will recognize, on any award that is issued as a result of the application, all the PD/PI co-PD/PIs entered on this form (any individual listed as a “co-investigator” is not identified on the award). **You must attach “Current**

Research and Related (R&R) Forms and Instructions

and Pending Support” information for each key person identified. Even if no other funding is currently reported as “Active,” this application is to be identified as “Pending” in the information submitted.

7.9 Enter Indirect Costs (Field H on the Form)

Indirect Cost Type - Indicate the type of base; e.g., Salary & Wages, Modified Total Direct Costs, Other (explain). Also indicate if off-site. If more than one rate/base is involved, use separate lines for each. If you do not have a current indirect rate(s) approved by a Federal agency, indicate, "None--will negotiate" and include information for a proposed rate. Use the budget justification if additional space is needed.

Indirect Cost Rate (%) - Indicate the most recent Indirect Cost rate(s) (also known as Facilities & Administrative Costs [F&A]) established with the cognizant Federal office, or in the case of for-profit organizations, the rate(s) established with the appropriate agency. If you have a cognizant/oversight agency and are selected for an award, you must submit your indirect rate proposal to that office for approval. If you do not have a cognizant/oversight agency, contact the awarding agency.

Indirect Cost Base - Enter the amount of the base for each indirect cost type.

*** Funds Requested (\$)** - Enter funds requested for each indirect cost type. This field is required.

Total Indirect Costs - Total Funds requested for indirect costs. This total will auto-calculate.

Cognizant Federal Agency - Enter the name of the cognizant Federal agency, name and phone number of the individual responsible for negotiating your rate. If no cognizant agency is known, enter "None".

Many NIFA programs have statutory limits on the amount of F&A/indirect cost recovery. This limitation flows down to subcontracts. Check Part IV, D. of the RFAs for the limitations, if any, on F&A/indirect costs. If indirect costs are allowed under the program, then the following applies as appropriate:

- When NIFA is not the cognizant Federal agency. You should use the current negotiated indirect cost rate established by your cognizant Federal agency (the agency that provides the most funds). If awarded, you will be required to produce a negotiated indirect cost rate agreement from the cognizant agency in order to recover indirect costs. You may request (i.e., budget) indirect costs using the lesser of: (a) the negotiated rate; or (b) the maximum statutory rate stated in the Request for Application, if any. If unable to obtain a negotiated rate from your cognizant agency, you are not permitted indirect cost reimbursement (you may only be reimbursed for allowable direct cost) unless you are eligible for the 10% de minimus. Violation of cost accounting principles is not permitted when re-budgeting or charging costs to awards. Rather, costs must be consistently charged as either indirect or direct costs. Also see 10% de minimus information in this section.

Research and Related (R&R) Forms and Instructions

If the cognizant agency issues a negotiated rate subsequent to award, the negotiated rate may not be retroactively applied.

- **When NIFA is the cognizant Federal agency.** If you do not have a negotiated rate, and NIFA is the cognizant agency, you must calculate an indirect cost rate in order to request indirect costs. NIFA's indirect cost website provides several sample indirect cost rate calculations. NIFA's website is found at: <http://nifa.usda.gov/indirect-costs>. During the application process, you are not required to complete the entire indirect cost package identified on NIFA's website. Rather, you need only calculate an indirect cost rate to serve as a basis for requesting indirect costs. If awarded, you will be required to submit a complete Indirect Cost Proposal (ICP) package as explained on NIFA's indirect cost website. Also see 10% de minimus information in this section.
- **10% de minimus indirect cost rate.** If you are new to Federal awards, and have never received a negotiated rate, you may elect to forgo calculation of an indirect cost rate and request a 10% de minimus indirect cost rate. The 10% de minimus rate is applied to modified total direct costs (MTDC). MTDC means total direct costs related to the award, such as direct labor, fringe benefits, materials and supplies, publications, consultant services and travel costs. MTDC excludes the following costs: equipment, capital expenditures, participant support costs and the portion of each subaward and subcontract in excess of \$25,000. Violation of cost accounting principles is not permitted when charging costs to awards. Rather, costs must be consistently charged as either indirect or direct costs.

If the 10% de minimus option is chosen, it must be used consistently for all Federal awards until such time you chooses to negotiate for a rate, which you may apply to do at any time. NIFA will revisit its cognizant agency responsibilities at that time. If cognizant, NIFA will establish a negotiated rate. The negotiated rate may not be retroactively applied.

Organizations subject to 2 CFR part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are required to follow provisions in 2 CFR part 200 when claiming indirect costs (IDC) on NIFA awards. Organizations not subject to the requirements of 2 CFR part 200 may recover indirect costs based on IDC rate calculations consisting of costs incurred by the applicant, consistently charged as either direct or indirect costs, and may not double charge.

Direct costs consist of costs incurred by the applicant and can be identified with a particular award. Conversely, indirect costs consist of costs incurred by the applicant and are not readily identifiable with a particular award. Violation of costs accounting principles is not permitted when charging costs to awards. Rather costs incurred by the applicant must be consistently charged as either indirect or direct costs.

Organizations may also waive indirect cost recovery and request only direct research costs. If this option is selected, the organization is required to include in the award budget only those types of costs consistently treated as direct research costs by the organization.
